PROFESSIONAL SUMMARY

Backend and Full-Stack Developer with hands-on experience in Python, Django, Node.js, Express.js, and PostgreSQL. Built secure web applications with REST APIs and authentication through internship and academic projects. Seeking a Backend or Software Developer Internship to contribute and grow professionally.

TECHNICAL SKILLS

Languages: Python, JavaScript, Java, SQL
Backend: Django, Node.js, Express.js, REST APIs
Frontend: HTML5, CSS3, Bootstrap
Database: PostgreSQL
Tools & Concepts: Git, GitHub, Postman, VS Code, OOP, MVC, Authentication, RBAC, CRUD

EXPERIENCE

Software Development Intern Jun 2026 – Jul 2026
Scanity International Private Limited

- Developed and maintained web applications using Django and Node.js.
- Built REST APIs and performed PostgreSQL database operations for production features.
- Debugged and optimized application performance through code reviews and testing.
- Managed version control using Git and GitHub workflows.

PROJECTS

Vendor Go – Local Vendor Management Platform
Python | Django | PostgreSQL | HTML | CSS | JavaScript

- Developed a full-stack vendor management application with secure user authentication.
- Built RESTful APIs and implemented CRUD operations for vendor management.
- Designed responsive interfaces using HTML, CSS, and Bootstrap.
- Integrated PostgreSQL database for efficient data management.

EchoDesk – Complaint & Review Management System
Python | Django | PostgreSQL | HTML | CSS | JavaScript | Bootstrap

- Developed a complaint management system with role-based access control (RBAC).
- Implemented complaint tracking, file uploads, status updates, and review functionality.
- Built responsive dashboards with advanced search and filtering capabilities.
- Utilized Django ORM for seamless PostgreSQL database integration.

EDUCATION

Bachelor of Engineering (Computer Engineering) 2023 – Expected in 2027
SAL Institute of Engineering and Research, Ahmedabad
